Applicants with Foreign Transcripts

1. Do not apply to the SFSU CLS Internship Program until Laboratory Field Services (LFS) has reviewed your transcripts. This California agency will determine if you have met the prerequisite course requirements. If they do, you will receive a CLS trainee license. If they do not, you will receive a form letter listing the missing courses. When you have finished those courses, send the transcripts to LFS. You will then receive a CLS trainee license.

Laboratory Field Services requires non-U.S. educational transcripts to be evaluated (course-by-course) by the Association of Collegiate Registrars and Admissions Officers (AACRAO).
