CLS Internship Program Fees (updated October 2019)

Students will enroll through the College of Extended Learning (CEL) courses.

For students entering the program in **Fall 2020**:

Fall classes = 18units x \$450 = \$8100.00

Winter classes = 3units x \$450 = \$1350.00

Summer classes (1) = 7units x \$450 = \$3150.00

Summer classes (2) = 7units x \$450 = \$3150.00

Fall classes = 3units x \$50 = \$1350.00

TOTAL tuition cost of program: \$450/unit x 38 units = \$17100

The class registration system of San Francisco State University College of Extended Learning is a charge-based system. This means:

1. When you register for a class, financial charges in the amount of the class fees are applied to your account immediately with a payment due date.
2. If you decide to drop a class for which you have not paid, and the drop is not done by the deadline for a 100% refund, outstanding charges will remain on your account, and you are responsible for them. *See Drops & Refunds.*
3. Unpaid charges will result in a placement of a financial obligation hold on student records which prevents future registration, adding classes, receiving diploma and/or transcripts, use of campus facilities and/or other services. The University or its agent has the right to pursue collections in order to repay a delinquent debt owed to the University. If account is placed with an outside collection agency, the account holder may be required to pay all reasonable collection costs, including legal fees. Delinquent charges owed to the University will be submitted to the Franchise Tax Board for tax refund offset.
4. When you enroll online at SF State Gateway, both your fees owed and due date will display in the Finances section of your Student Center within 24 hours of registering. To see your class fees charges and payment due date immediately after registration, use the **Find Due Date and Payment Instructions Guide**. Full fees are payable as soon as students are registered. If full payment is not received by the end of the day on the payment due date, students **will be** dropped for non-payment.
5. For open University and semester-length academic credit courses, you will be able to drop and swap courses with no financial impact up until the Last Day to Drop on the Calendar & Deadlines.
